CHRISTIAN LADS TOO EASY

Local Leaguers Had a Soft Snap with the Y. M. C. A. Team.

ESPER PUZZLED THE AMATEURS

First of Two Games with the Crack District Nine Resulted Very Much in Favor of the Professionals-Colliflower Failed to Pitch Up to His Previous Record.

For the first time in several days the proessionals were enabled to get some outdoo practice yesterday, the local Young Men's Christian Association team being the victims. Owing to the general desire on the part of the patrons to see the Regulars stack up against an outside club Manager Schmelzarranged two games with the Christians, the first of which was played yesterday, and resulted 30 to 4 in favor of Washington. Judging from the poor work of the amateurs it would be far better if Mr. Schmelz would cancel to-day's game with the Christians and allow the Regulars and Reserves have another battle, as such an arrangement would give the men much better

While the Y. M. C. A. put up a very ragged game, they can do much better, as was shown in their previous games with Yale and other strong tenms. They went into yesterday's contest with the knowledge of being outclassed, and were correspondingly disheart-

contest with the knowledge of being outclassed, and were correspondingly disheartened and nervous. Collidower pitched miserably, and seemed to have neither speed nor
skill. His weakness affected the others, and
errors were numerous on the part of the
Christian lads. Eddie Johnson was the only
one to escape an error, and he really carried
off the honors for his side. Ernie Hodge did
well behind the bat considering the erratic
pitching of Colliflower.

Esper was in the points for five innings,
and he never appeared to better advantage.
He struck out six men, gavo one base on balls,
and but four hits and no runs were made off
his delivery. He was relieved by Mercer, who
was very wild, striking three men and giving
a base on balls, while four hits were bunched
off him, the Christians earning three of their
four runs. All the errors made by the professionals came in a lump in the sixth inning,
and were on wild throws. Dugdale relieved
McGuire in the fifth inning, while Hassamaer
took Ward's place at second at the same time.

As far as the playing was concerned Joyce
carried off the laurels, as he made several
brilliant stops at third. His error was due to
a failure to stop a throw in from the outfield.
Cartvright put up a pretty game at first, and
besides led the team in hitting, making
three singles and a home run. Abboy was
also very handy with the stick, making three
singles and a double. Lucky Paul Badford
reached the home plate six times, although he
made but one hit in the game. Sulivan
played fast ball at short-field, his throwing to
first being fine.

When the Professionals started off in the

played fast ball at short-lield, his infowing to first being fine.

When the professionals started off in the opening inning with four runs Secretary Pugh swallowed his chewing gum and had not a word to say to his pets for the balance of the game. It had been the dream of Brother Pugh to have the Y. M. C. A. defeat the Wash-ingtons, but he will have to wait a while before his horses are realized.

ingtons, but he will have to wait a while before his hopes are realized.

Not content with four runs in the first, the Leaguers piled up five in the second, then spat on their hands and turned out nine in the third. The effort to do this was somewhat exhausting, and they were content to rest easy in the fourth, but four more were garnered in the fifth, three in the sixth, and the boys ran their total up to thirty by scoring five in the seventh.

While all this was going on the Y. M. C. A. went out in short order up to the sixth inning.

White all this was going on the Y. M. C. A. went out in short order up to the sixth inning, when "Mercer proved an easy mark for the Christians. A base on balls to E. Hodge, singles by Colliflower, Fuller, and Bolway, and a triple by C. Hodge yielded four runs and awakened Brother Pugh from his transe. This was the extent of their scoring, however, as Mercer was more effective in the following innings. The score:

SUGAR LEADS THE MARKET. It Rose 23-4 on Heavy Purchases for In-

NEW YORK, April 13.—When to-morrow's European steamers shall have sailed some \$1,000,-

00 in gold shall have been shipped during the week, of which all but \$750,000 from Boston is exported from this city. The subtreasury supplied \$1,000,000 of the amount shipped from here. the banks furnishing the rest. These shipments are made by reason of the fact that bills of exare made by reason of the fact that bills of exchange are scarce and gold 's sent forward to meet the requirements of remitters.

The export movement had a slightly depressing influence on the stock market during the earlier part of the day, but at no time caused any great pressure to sell, and in the later dealings was not a factor in the speculation, which was very strong during the has hour of business. It is not expected that gold exports will reach serious proportions; the condition of the exchange market does not warrant it, the margin of profit being very slight, and besides the London gold reserve is at the high point and the longituding the factor of the period of the condition of meeting the market does not warrant it.

Therefore neither in speculative nor in other financial or business circles is the week a outflow of gold regarded with apprehension.

The share market opened firm and made a fractional advance, but from tack of buyers prices sagged off slightly, the heaviness being increased somewhat by the reported specie engagements, which encouraged bears to a demonstration against values. Efforts to inaugurate a downward movement met with little success, the speculation becoming stagmant, and with the exception of American Toleaceo and some few other of the specialities to a changes of imjorance look place until shortly before the be-ginning of the last hour of business. About that time good buyers came into the market, to whose purchases prices quickly responded, and the approxiation in values continued to the close, the limit dealings being decidedly strong in tone. The late advance was in the nature of a little surprise on the part of the buils to the bear party, which had tried the temper of spec-ulation during the first half of the day and had failed to weaken appreciably the confidence of holders of stocks.

Compared with yesterday's final figures, the losing prices of to-day are irregular. American abacco was erratic in mescament. After an ariy advance of V_a, it broke 3 per cent, recovered 3%, reacted 1%, radiced by second a decline of 3½ for the day. Sugar, on eavy purchase for inside interests, rose 2½, eating at the hichest point touched. Delaware and Hudson inside a gain of 1% and Pullman 1%, ew York, Chengo, and St. Louis, show a loss of a star National Linseed 1 per cent. The other nurses are fractional, the greatest being an Yane of , in At hisson, which was bought in sund the gar the Beston account. Crane of Is in At bison, which was bought in sund its or the beston account. The intermediate was fairly firm up to noon,

EXTRA

This Morning at Ten o'Clock

We will open the doors of 803 Market Space upon the greatest slaughter sale of Clothing ever known in this part of the country. We realize that this enterprise will be cussed and discussed by every clothing man in the District of Columbia, but the crowds are going to COME-and they are going to BUY. We are not here to-day and gone to-morrow-we are here to STAY-and we propose to introduce our new store to the Washington public in a manner that will leave a lasting and most friendly impression. Our stock consists of

\$100,000 Worth of Boston Tailor-made Clothing.

It is the cream of a monster stock which has passed into the hands of creditors-and we are authorized to sell it at ONCE and without RE-SERVE. What it cost-or what it was intended to sell for interests YOUnot us. It is here to be SOLD-and we are here to SELL it. This stock was made in Boston-and its every line emphasizes the proverbial neatness of Boston-made Clothing. There isn't a back-number suit in the whole stock-every garment was made for the Spring and Summer Season of 1844. When you come to-day don't bring much money-you won't NEED it. Come simply out of CURIOSITY-if you will-you will not be importuned to buy-every suit in this great stock shall be its OWN SALESMAN-its value and price will make a more eloquent appeal than any praise of ours. Money cheerfully refunded to any dissatisfied pur-
